

Mar. 30, 1928.

Mr. Robert H. C. Marchant,
Ioka, Utah.

Dear Sir:

RE: SAND WASH.

I have your letter of March 25 with reference to the Ira B. Cannon trouble and would say that I think you are correct in your idea that the best way of relief would be through civil action started on the part of the water users whose rights are being interfered with. I have been anxious to help in this disagreeable situation but it is at such long range that I still feel it would be very difficult to get results and much harm would be done through my attempting to accomplish something and then falling down.

Arrangements are being made around the state for the appointment of water commissioners and I would be pleased to hear what, if anything, is doing out in your district.

Yours very truly,

State Engineer.
